

- 6 -7.30pm** **Poster session with beer and snacks**
- 8pm** **Conference Dinner at Sainsbury Arts Centre, UEA**
- 10.30 pm - 1am** **Blue (Union) Bar + disco**

Tuesday 7th September 2010

- 9 – 10.30am** **Session 3 - Novel aspects of cell adhesion/migration in inflammation**
Chairs: Dylan Edwards and Lise Berg
- 9 - 9.30am **John Couchman** (Copenhagen) *Inside-out integrin activation: a look beneath the surface*
- 9.30 -10am **Alicia Arroyo** (Madrid) *Beyond extracellular matrix degradation: New functions of MT-MMPs in leukocyte biology*
- 10 -10.30am **Mikala Egeblad** (Cold Spring Harbor) *Immune cell-mediated matrix metalloproteinase activity in cancer invasion and therapy responses*
- 10.30 – 11** **Coffee. Trade-stands & Posters**
- 11 – 1pm** **Session 4 - BSMB Open Session.**
Chairs: Ray Boot-Handford and Sarah Howat
- 11 -11.30am **Andrew Doyle** (Bethesda) *Modification of Cell Migration Schemes by Matrix Topography*
- 11.30 -11.45am Katarzyna Gawel (Cardiff) *TMEFF2 is a novel substrate for type II transmembrane serine proteases.*
- 11.45 -12noon Simon Tew (Liverpool) *Regulation of SOX9 mRNA decay correlates with overall SOX9 levels in human articular chondrocytes: evidence for the involvement of the RNA binding protein tristetraprolin*
- 12 -12.15pm Tracey Swingle (Norwich) *Identification and characterisation of microRNAs involved in chondrocyte differentiation and osteoarthritis.*
- 12.15 -12.30pm Louise Kung (Manchester) *Investigating the Role of Endoplasmic Reticulum Stress in Chondrodysplasias*
- 12.30 -1pm **Andrew Newby** (Bristol) *MMP-14 and TIMP-3: a matter of life and death!*
- 1 -1.15pm** **Careers in Big Pharma:** Chair Jelena Gavrilovic
Mark Fidock (Pfizer, Sandwich)

1.15 – 2.30pm	Buffet Lunch. Trade-stands & Posters
2.30 – 3.45 pm	Session 5 - Cell Signalling in inflammation Chairs: Kim Midwood and Merlin Walter
2.30 - 3pm	Liliana Schaefer (Frankfurt) <i>The role of biglycan signalling in shaping the inflammatory response.</i>
2.30 - 2.45pm	James Whiteford (Queen Mary London) <i>Syndecan-2 core protein directly interacts with the protein tyrosine phosphatase CD148/PTPRJ to promote integrin-mediated adhesion.</i>
2.45 - 3pm	Laura Evans (Cardiff) <i>Investigating the role of PBEF on Cartilage Integrity.</i>
3 - 3.15pm	Douglas Dyer (Manchester) <i>TSG-6 binds to CXCL8 and modulates its activity</i>
3.15 -3.45pm	Drew Rowan (Newcastle) <i>Inflammatory signals in arthritis - the perils of cross-talk</i>
3.45pm	Poster Prizes
4pm	Tea

CLOSE OF MEETING
